City of Prescott Notes to Annual Expenditure Limitation Report Year ended June 30, 2022

Note 1 - Summary of significant accounting policies

The Annual Expenditure Limitation Report (AELR) is presented as prescribed by the Uniform Expenditure Reporting System (UERS), as required by Arizona Revised Statutes §41-1279.07, and in accordance with the voter-approved alternative expenditure limitation adopted August 29, 2017, as authorized by the Arizona Constitution, Article IX, §20(9).

In accordance with the UERS, a note to the AELR is presented below for any exclusion claimed on part II and each subtraction or addition in the reconciliation that cannot be traced directly to an amount reported in the fund financial statements. All references to financial statement amounts in the following notes refer to the statement of revenues, expenditures, and changes in fund balances for the governmental funds; statement of revenues, expenses, and changes in fund net position for the proprietary funds; and the statement of cash flows for the proprietary funds.

Note 2 The \$509,480 subtraction for pension and other post employment benefit (OPEB) expense consists of changes in the net pension and OPEB assets and liabilities, and changes in deferred inflows and outflows related to pensions and OPEB recognized in the current year in the enterprise/internal service funds. The \$1,229,379 addition for pension and OPEB contributions paid in the current year consists of the required pension and OPEB contributions made to the Arizona State Retirement System from the enterprise/internal service funds. The schedule below reconciles the net effect the subtraction and addition have on the expenditures subject to the limitation to the amounts reported on the statement of cash flows' net effect on cash.

Note 3 The \$165,176 addition for claims paid in the current year, but reported as expenses incurred but not reported in previous years, consists of adjustment in the current year for claims recognized as an expense in previous years in the internal service fund.

Note 4 The \$151,855 subtraction for landfill closure and postclosure care costs consists of the portion of the total estimated liability/liabilities reported as expenses in the current year but not yet paid in the enterprise funds. The \$18,680 addition for landfill closure and postclosure care costs paid in the current year, but reported as expenses in previous years, consists of cash payments in the current year for those costs reported as expenses in previous years in the enterprise funds.

Note 5 The addition of \$5,906,640 for principal payments on long-term debt in the enterprise and internal service funds consists of:
