## **I. GENERAL INFORMATION**

The City of Prescott (hereinafter “City”, as shown in Attachment C-Vicinity Maps and Images-Figure 1) invites interested and qualified persons or firms (hereinafter “firms”) to submit a written Statement of Qualifications (SOQ) for the creation and the implementation of a Watson Lake Enhancement Plan to address EPA impairments for excess nitrogen, high pH, and low dissolved oxygen which result in fish kills, aquatic weed blooms, and Harmful Algae Blooms (HAB’s) during warmer months.

One contract for the professional service may be awarded to a firm. The contract shall be awarded on the basis of demonstrated competence and qualifications pursuant to A.R.S. § 34-604.

To be eligible for consideration, firms must submit a single SOQ demonstrating appropriate competence, qualifications, and relevant experience.

The City will apply a one-step process to select the successful firm under this procurement. The one-step process will involve review and evaluation of the SOQ to establish a final list. The final list will consist of not less than three (3), but no more than five (5) of the highest ranked firms.

### **A. DESCRIPTION OF WORK**

Watson Lake (Figure 2) is a reservoir created by the Granite Creek Dam along Granite Creek. Watson Lake is subject to a TMDL due to impairments for high nitrogen, low dissolved oxygen, high pH, and experiences fish kills, Harmful Algae Blooms (HAB’s), and aquatic weed blooms (Figure 3). Blooms are due to the excess nitrogen, phosphorus, and organics impounded in the lake, and a buildup of lake bottom muck. These issues manifest largely from May to September. Lake impairments arose out of a history of using effluent water from Sundog WWTP to maintain lake levels, and from pollution loads transmitted by creeks and other drainages from the watershed above. As a result of natural and anthropogenic pollution sources the lake has experienced significant eutrophication. Lake impairments reduce the viability of aquatic habitat, prohibit swimming or full body submersion into Watson Lake, and reduce recreation income and public use.

Under the previous management, Chino Valley Irrigation District, the lake was regularly drained and dredged to prevent the issues described above. Under the management plan of the City, draining the lake is not feasible and dredging is not affordable. The City of Prescott seeks a qualified vendor to perform whole-lake treatments and management to reduce excess nutrients and mitigate HAB’s, weeds, low dissolved oxygen, as well as high pH. The firms suggested treatment method/product should result in significant improvements to lake water quality. Water testing shall be conducted before, during, and after treatments to demonstrate effects and/or evaluate the need for adjustments. The firm is to provide any application tools, hardware, or systems needed to dispense product, and any boat or other vessel to be used for that purpose. The firm shall also welcome relevant city staff to be present during treatment for the purpose of basic oversight and education.

The Watson Lake Enhancement Plan envisioned by the City will include the following items:

- 1) Identify the product firm would use to treat lake for excess phosphorus reduction on the order of 50% or greater.
- 2) Describe the treatment application method and basic treatment plan including how and where the treatment product would be dispersed.

- 3) Recommend number and timing of water quality treatments to achieve target results. Provide a best estimate of the number of days a treatment would require.
- 4) Note any anticipated disruption to lake recreation, or any need/suggestion for closure or restriction of public access.
- 5) Describe if or how the proposed treatment may affect aquatic life and the general atmosphere of the lake. For example, should the City expect changes in water clarity or color, odors, bubbling, or other side effects the public should be made aware to expect?
- 6) Outline timing and scope of water testing to demonstrate treatment protocol is effective. Adjust treatment product application rate or timing as needed, upon written agreement with the City's project manager.

To help guide this work, the City recommends review of the TMDL for Watson Lake that describes the history, issues, and potential treatment options in detail. The TMDL is available here:

**D. TERMINATION OF CONTRACT**

The City reserves the right to terminate any part of or the entirety of any contract that may result from this proposal, without cause and at any time with thirty (30) calendar day written notice. 10. It is expressly agreed and understood by and between the parties that the Professional is an independent contractor, and, as such, Professional shall not become a City employee, and is not entitled to payment or compensation from the City, or to any fringe benefits to which other City employees are entitled. As an independent contractor, Professional further acknowledges that it is solely responsible for payment of any and all income taxes, FICA, withholding, unemployment insurance, or other taxes due and owing any governmental entity whatsoever as a result of this Agreement. As an independent contractor, Professional further agrees that it will conduct itself in a manner consistent with such status, and that it will neither hold itself out nor claim to be an officer or employee of the City by reason thereof, and that it will not make any claim, demand or application to or for any right or privilege applicable to any officer or employee of the City, including, but not limited to, worker's compensation coverage, unemployment insurance benefits, social security coverage, or retirement membership or credit.
11. This Agreement is non-assignable by the Professional unless by sub-contract, as approved in advance by the City.

12. (A) The City shall pay to Professional a total sum of \*\* dollars and \*\* cents (\$\*\*) for all services specified in Sections 1 and 2 of this Agreement, as specified in Exhibit "A".
- (B) The foregoing sum includes payment for any and all services to be rendered by Professional or sub-contractors, which the Professional may employ for this Contract. It is expressly agreed by and between the parties that the Professional is solely responsible for any and all payment to such any other professionals or subcontractors retained by the Professional.
- (C) Payment of the total amount provided for under Section 12 (A) shall not relieve Professional of its obligation to complete the performance of all those services specified in Sections, 1, 2, and 3. Should the City request in writing additional services beyond that specified in Sections 1, 2, and 3, then Professional shall charge, and City shall pay Professional in accordance with Exhibit "A".
- (D) Prior to the final payment to the Professional, the City shall deduct therefrom any and all unpaid privilege, license and other taxes, fees and any and all other unpaid monies due the City from the Professional and shall apply to those monies to the appropriate accounts. Professional shall provide to the City any information necessary to determine the total amount(s) due.
- (E) The Professional shall bill the City monthly for the fee due the Professional, based upon an hourly rate for services/work completed for each itemized task pursuant to this Agreement and Exhibit "A" during the billing period. City shall pay such billings within thirty (30) days of the date of their receipt.
13. This Agreement is the result of negotiations by and between the parties. Although it has been drafted by the Prescott City Attorney, it is the result of negotiations between the parties. Therefore, any ambiguity in this Agreement is not to be construed against either party.
14. This Agreement shall be construed under the laws of the State of Arizona.
15. All services/work products of the Professional for this Project are instruments of service for this Project only and shall remain the property of the City whether the Project is completed or not. All plans, drawings, specifications, data maps, studies, and other information, including all copies thereof, furnished by the City shall remain the property of the City. They are not to be used on other services/work, and, with the exception of this Agreement, are to be returned to the City on request or at the completion of the services/work.
16. The parties hereto expressly covenant and agree that in the event of a dispute arising from this Agreement, each of the parties hereto waives any right to a trial by jury. In the event of litigation, the parties hereby agree to submit to a trial before the Court. The Professional further agrees that this provision shall be contained in all sub-contracts related to the project, which is the subject of this Agreement.
17. The parties hereto expressly covenant and agree that in the event of litigation arising from this Agreement, neither party shall be entitled to an award of attorney fees, either pursuant to the Agreement, pursuant to A.R.S. § 12-341.01(A) and (B), or pursuant to any other state or federal statute, court rule, case law or common law. The Professional further agrees that this provision shall be contained in all sub-contracts related to the project, which is the subject of this Agreement.
18. This Agreement represents the entire and integrated Agreement between the City and the Professional and supersedes all prior negotiations, representations, or agreements, either

written or oral. This Agreement may be amended only by written instrument signed by both the City and the Professional. Written and signed amendments shall automatically become part of the Agreement, and shall supersede any inconsistent provision therein; provided, however, that any apparent inconsistency shall be resolved, if possible, by construing the provisions as mutually complementary and supplementary.

19. In the event any provision of this Agreement shall be held to be invalid and unenforceable, the remaining provisions shall be valid and binding upon the parties. One or more waivers by either party of any provision, term, condition, or covenant shall not be construed by the other party as a waiver of a subsequent breach of the same by the other party.
20. Subject to the limitations of A.R.S. § 34-226, the Professional hereby agrees to indemnify and hold harmless the City, its departments and divisions, its employees, and agents, from any and all claims, liabilities, expenses or lawsuits as a result of the Professional's negligent acts, errors, or omissions, pursuant to this Agreement, except to the extent said claims, liabilities, expenses or lawsuits arise by the negligent acts or omissions of the City or his/her agents. The Professional further releases and discharges the City, its departments and divisions, its agents and employees, and any and all persons legally responsible for the acts or omissions of the City, from any and all claims which the Professional has or may have against the City, its agents or employees, arising out of or in any way connected with the Professional's activities as set forth below, other than those acts which occur due to the negligence of the City, its employees or agents.
21. No oral order, objection, claim or notice by any party to the other shall affect or modify any of the terms or obligations contained in this Agreement, and none of the provisions of this Agreement shall be held to be waived or modified by reason of any act whatsoever, other than by a definitely agreed waiver or modification thereof in writing. No evidence of modification or waiver other than evidence of any such written notice, waiver or modification shall be introduced in any proceeding.
22. (A) Changes in Services/work: The City, without invalidating the Contract, may order additional/extra services/work, make changes by altering, or delete any portion of the services/work as specified herein, or as deemed necessary or desirable by the Director. All such services/work shall be executed under the conditions of the original Contract except that any claim for extension of time and additional cost caused thereby shall be made at the time of ordering such change or additional/extra services/work.  
  
(B) Additional/extra services/work shall be that services/work not indicated or detailed on the Scope of Work and not specified. Such services/work shall be governed by all applicable provisions on the Contract Document.  
  
(C) In giving instructions, the Director shall have authority to make minor changes in the services/work, not involving additional/extra cost, and not inconsistent with the purposes of the services/work. No additional/extra services/work or change shall be made unless in pursuance of a written order by the Director and no claim for an addition to the total amount of the Contract shall be valid unless so ordered.  
  
(D) Payment for any change ordered by the Director which involves services/work essential to complete the Contract, but for which no basis of payment is provided for herein, shall be subject to agreement prior to said services/work being performed.

(E) Adjustments to price and/or Contract Time which are agreed upon shall be incorporated in the written amendment issued by the Purchasing Division, which shall be written so as to indicate acceptance on the part of the Professional as evidenced by its signature. In the event prices cannot be agreed upon, the City reserves the right to terminate the Contract as it applies to the items in question and make such arrangements as it may deem necessary to complete the services/work, or it may direct the Professional to proceed with the items in question to be reimbursed pursuant to the unit prices in the Professional's fee proposal.

(F) If the Professional claims that any instructions involve additional/extra cost under this Contract, it shall give the Director written notice thereof within forty-eight (48) hours after the receipt of such instructions, and in any event before proceeding to execute the services/work. No such claim shall be valid unless so made. The Professional shall do such additional/extra services/work therefore upon receipt of an accepted Contract Amendment or other written order of the Director and in the absence of such Contract Amendment or other written order of the Director, the Professional shall not be entitled to payment for such additional/extra services/work. In no case shall services/work be undertaken without written notice from the Director to proceed with the services/work. All Contract Amendments must be approved by the Director. Contract Amendments that go over \$50,000.00 or if the contract in total goes over fifty thousand dollars must be approved by the City Council.
